Save Your Daughter

No. 185 West 8th Street,
New York City, N. Y., April 8, 1903.

Wine of Cardui has been a blessing to my home. I have often found that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for our daughter and only child. I noticed that her menses were hard and she suffered with headaches and giddiness, heaviness in the abdomen and about the loins. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, health and behavior, in fact she was a different girl. The flow became regular and we have not had any difficulty since.

Lizzie H. Thompson

TREASURER, RATHBON MEMORIAL ASSOCIATION.

WINE of CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and giddiness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable. All druggists sell \$1.00 bottles Wine of Cardui.

TO UNVEIL THE STATUE

Gift of Emperor Wilhelm to American People to be Dedicated With Imposing Program.

REPRESENTATIVES WILL COME

Descendants of Frederick the Great Will Represent the Emperor on the Occasion.

Washington, June 7.—General arrangements have been completed for the unveiling of the statue of Frederick the Great, the gift of Emperor William to the American nation, at the army war college grounds here on November 20. The emperor will send over a distinguished commission to represent Germany at the unveiling and it is understood that descendants of the man who fought with Washington shall be selected for this mission.

Ambassador Sternberg will personally represent the emperor on that occasion and will make the address of presentation. Addresses will be made by the president, Secretary Taft and Mr. Tower, the American ambassador at Berlin.

If practicable one of the gunboats of the German West Indian squadron will come to Washington to take part in the ceremonies and an American warship, probably the Dolphin, also will be in attendance.

GRANTED INTERVIEW.

Tells of Trouble in Colorado and Gives the Causes.

Denver, Colo., June 7.—The News today prints the following interview with Vice-President Williams of the Western Federation of Miners, who is acting in the capacity of president during Mr. Moyer's imprisonment in the military bull pen at Telluride.

"Trouble at Cripple Creek—The riot and disturbance there—are simply an attempt to disrupt the union and bring the strike to a close.

"It is my candid opinion that the Citizens' Alliance, an organization that is and always has been utterly hostile to the union is at the bottom of this attempt to break the strike by a display of violence.

"The opinion among the miners is that the citizens' alliance is afraid that the compromise just returned from Cripple Creek may have produced good results by their visit.

"It is to break the strike and discredit the union that the disturbances yesterday were started.

News dispatches contain references to the mass meeting that was in progress when the trouble originated. My own opinion is that this meeting was called by Mr. Hamlin of the Mine Owners' association ostensibly to give an open, free and fair discussion of matters involved in the strike, but that, as a matter of fact, the scabs employed in the mines were to play the part of miners. Then, when anyone attempted to speak however to be shot down.

"As to the citizens' alliance, its members are absolutely unfair and pay no attention to law and order. This was brought out in the Telluride strike when miners were driven out and many forms of violence used to defeat the strike.

"This whole matter came up in a manner that appears very peculiar. Just after the visit of our committee, when the strike was progressing satisfactorily, and during the governor's absence, the trouble springs up. There are few soldiers in the district. The citizens' alliance, absolutely unfair, will resort to anything. Such outrages do not occur during the presence of the military, who are responsible to some one besides themselves.

"Our organization is founded on the principles of truth and justice and its members are as much interested as other persons in suppressing lawlessness. Whoever committed the dastardly crime at Independence must be found and punished and we want to put ourselves on record as helping to bring that about.

AFTER THE MURDERER.

Police Look for the Assassin of Frank T. Young.

New York, June 7.—Detectives at work on the shooting of Bookmaker Frank T. Young, which occurred in a cab here last Saturday are slowly tracing the history of the revolver which caused the horseman's death. Around the ownership of the weapon may revolve a solution of the whole affair. Young's friends all assert that he never carried a pistol and the intimates of

"Nan" Patterson, who was with Young in the cab, declares she had a horror of weapons.

Some progress has been made in tracing the revolver, enough to indicate that it may have been purchased in San Francisco. It was manufactured in Springfield, Mass., bore the factory number 75,050, was purchased by a firm here and sold by them in 1898 or 1899. The firm's records for those years have been destroyed, but the dealers express the belief that the revolver was among a lot shipped to San Francisco. If this should prove true, the owner of the fatal weapon may be identified, as four of the persons directly connected with the tragedy are well known in San Francisco.

A strict search of the pawnshops has failed to develop any information which would lead to the belief that the revolver was purchased in this city, and the detectives are hopeful that a valuable clue may be obtained in California.

James Dooley, a deckhand, is reported as having told a strange story regarding the sale of his revolver to a stranger in West Broadway near the scene of the shooting, a short time before Young and Mrs. Patterson are known to have been there. He asserts the man treated him several times in a saloon, and upon learning he had a weapon purchased it, saying he wanted to shoot a woman. Little credence is placed in the story.

WORKED THE GRAFT.

Young Woman Gets Diamonds Under False Pretenses.

Chicago, June 7.—After having secured her wedding outfit by having the goods charged to two men of wealth, Rose Reifers, 18 years of age has been arrested while passing herself off as the daughter of Theodore A. Koch. She had ordered jewelry to the value of \$350 charged to Mr. Koch's account. The jewelry consisted of a diamond ring and shirt stud which the young woman afterwards confessed she intended to give George Brekley of Newark, to whom she is engaged. The girl's parents are well to do, and declare their daughter had everything she wished. Mrs. Reifers was prostrated by her daughter's disgrace. Mr. Koch A. Rawson and Walter Dolph state that their jewelry bills were \$100 in excess of what the families had purchased. The matter has not been cleared up when Miss Reifers entered the store and selected the ring and stud. She declared that she was Mr. Koch's daughter and said the jewelry was to be charged. Suspicion was aroused when she announced that she would take the articles with her and she was arrested. Detectives were sent to the residence of Mr. Koch where they were informed that Miss Koch was traveling in Europe.

When they returned with this information, the young prisoner broke down and confessed. She admitted, the police say, that she had secured her wedding outfit, by passing herself off as the daughter of wealthy parents.

While but two complaints have come to the notice of the police they believe the prisoner operated more extensively.
